

# Karina-

- you are positive in the midst of health trials
- So open about mental health struggles; not hiding even when we barely knew each other
- your vulnerability made a safe environment for our small group
- lovely SG leader - offering encouragement
- quick to extend kindness, no questions asked
- reading poetry outloud
- so dear you desire to honor the Lord
- love your hair and your baking
- impressed by your emotional + spiritual maturity

- learned a lot from how you processed things
- depth + intensity that you wrestle with things
- see how much you've grown just by what you've said; your life preaches a sermon
- hard-fought compassion + wisdom for others through wrestling yourself
- 2 Cor. 1, 4, 12 → treasure in jars of clay
- takes a lot to walk thru what you have courage
- Romans 5 - produces hope
- Matthew 7:24-27 - you cling to Jesus!
- you reflect God's majesty + beauty in a unique way - childlike wonder for the Lord -  
God is using you ☺
